

# welcome!

## CONGRATULATIONS ON YOUR ENGAGEMENT

Thank you much for your interest in booking services with us, we are looking forward to accommodating you on your special day. We are proud to offer the most current designs in a modern setting with educated, passionate staff. As a salon in business for over 18 years, we have had the pleasure of working with many brides and bridal parties and will make your experience as unique and special as can be!

Before moving forward with your booking there are a few details we need from you and a few things we need to inform you of. Please read our bridal contract following this letter for pricing, policies, and booking. Should you have any additional questions, please inquire at 850.231.6085.

## BEFORE THE BIG DAY

We are a full service beauty bar and offer multiple hair, skin & makeup services for our brides. Services to consider in advance are waxing, facial services, and skincare consultations. We also offer microneedling, and chemical peels. We recommend you get these services done at least one week in advance. Please inquire about our lash extensions.

Our full service hair salon offers services such as Brazilian blowouts, keratin treatments, deep conditioning treatments, haircuts, hair coloring, and extension services. We recommend these services be done at least 2 weeks in advance of ceremony.

Some bridal parties prefer to come in the salon as a group, which we welcome, and often bring food & drinks, which are also welcome.

Additionally, please feel free email over any inspiration hair and makeup pictures, wedding dress pictures, and pictures of your current look so that we can add them to your bridal portfolio.

When considering your consultation, we recommend that you book a consultation at least 1-2 weeks prior with your stylist/makeup artist, allowing you to communicate and plan for your desired look on your wedding day. If you've not already emailed your pictures before that time, please remember to bring them in with you. Plan on being in the salon for an hour and a half for hair service and an hour for makeup service.

- Thank you again for considering our salon, we're looking forward to your special day!
